Doğadan Gelen Güzellik

NG Kütahya Seramik'in
doğadan ilham alınarak tasarlanan serileri,
ahşap, mermer ve taş yüzeylerin doğasında bulunan
tüm güzellikleri mekânlara taşıyor.

NG Kütahya Seramik's designs,
being inspired by the nature, move all beauties of wooden,
marble and stone surfaces to living spaces.

NG Kütahya Seramik'in kalite anlayışı ve çevreye duyarlı üretim felsefesi Çift Yıldız ve EPD Belgeleri ile tescillendi.

Üretimin hiçbir aşamasında kaliteden ödün vermeyen NG Kütahya Seramik, bu konuda standartları dahi aşmayı başardı. Türk Standartlar Enstitüsü (TSE)'nin, standardın üzerinde kaliteli ürün üreten firmalar için başlattığı "Çift Yıldız Belgesi" uygulaması ile NG Kütahya Seramik kalite anlayışını tescil ettirdi. TS EN ISO 14411 standardı kapsamında olan seramikler için aranan tüm kriterleri yerine getiren işletme, TSE'den "Çift Yıldız Belgesi" almaya hak kazandı. NG Kütahya Seramik, bu önemli belgeyi; duvar ve yer seramiği, sırlı porselen seramik ve seramik ürün gruplarının tamamında almayı başardı. Başarısını, uluslararası pazarda kanıtladı...

NG Kütahya Seramik, EPD (Environmental Product Declaration - Çevresel Ürün Beyanı) belgesiyle de uluslararası başarısını taçlandırdı. Proje çerçevesinde NG Kütahya Seramik'in üretimini yaptığı 'yer-duvar ve porselen' ürünleri, İsveç'te doğrulayıcı firma tarafından incelendikten sonra The International EPD System'de kayıt altına alındı.

Küresel oyuncu olma yolunda dev adım...

NG Kütahya Seramik, EPD Belgesi ile ulusal ve uluslararası 'Yeşil Bina' projelerine rahatlıkla ürün sunumu yapabilecek, Yeşil Bina belgelendirme sistemlerinde ilave puan kazanma fırsatı yakalayacak. The International EPD System'de kayıt altına alınan NG Kütahya Seramik, Avrupa Birliği pazarları başta olmak üzere uluslararası pazarlarda küresel oyuncu olma yolunda dev bir adım attı.

NG Kütahya Seramik, Uluslararası ECO Platform üyeliği ile de sadece önde gelen yapı malzemeleri üreticilerinin yer aldığı listeye adını yazdırmayı başardı.

NG Kütahya Seramik's sense of quality and philosophy of environment conscious production were officially registered with Double Star Certificate and EPD Certificate.

Never compromising on quality in any phase of production, NG Kütahya Seramik achieved to go beyond standards in this respect. NG Kütahya Seramik officially registered its sense of quality by receiving Turkish Standards Institute (TSI)'s "Double Star Certificate", given only to the brands exceeding TSI standards. The brand entitled to TSI's "Double Star Certificate" by meeting all of the criteria for the ceramic products within the scope of TS EN ISO 14411 standard. NG Kütahya Seramik achieved to receive this important certificate under the categories of wall and floor ceramic tiles, glazed porcelain ceramic and all ceramic product groups.

The brand also proved its success in global market... NG Kütahya Seramik made its mark in global market by receiving EPD (Environmental Product Declaration) Certificate. Within the framework of EPD Certification Project, NG Kütahya Seramik's "floor and wall ceramic tiles, and porcelain products" were registered in The International EPD System after being inspected by a confirmatory firm in Sweden.

A huge step in being a global actor...

Together with the EPD Certificate, NG Kütahya Seramik will be able to provide products to national and international "Green Building" projects, and get the chance to receive additional points in Green Building licensing systems. Being registered in The International EPD System, NG Kütahya Seramik took a huge step to become a global actor in international markets, especially in the European Union. NG Kütahya Seramik also achieved to become a member of the International ECO Platform, and put its name among the other outstanding companies in building materials industry.

An aerial photograph of a coastal region. A wide river flows from the top left towards the center, where it meets a large, irregularly shaped lake. The surrounding land is a mix of light tan and dark greyish-brown, suggesting different soil types or vegetation. The water in the river and lake is a pale, milky color. The word "amic" is overlaid in white serif font on the left side of the image.

The image shows a close-up, textured surface of a stone wall. The stones are light-colored, possibly beige or light grey, with darker, more textured areas between them. A prominent horizontal line runs across the middle of the image, suggesting a joint or a change in the wall's structure. The overall appearance is aged and weathered.

V1

V2

V3

V4

v 1 AYNI GÖRÜNÜM / UNIFORM APPEARANCE

Karodan karoya çok az ve önemsiz farklılıklarla her bir karo aynı doku, renk, ton ve motife sahiptir. Differences among pieces from the same production run are minimal.

v 2 HAFİF FARKLILIK / SLIGHT VARIATION

Doku ve/veya desende aynı renkler arasında farklılıklar olabilir. Karoların genel görünüşü oldukça benzerdir. Clearly distinguishable differences in texture and/or pattern with similar colors.

v 3 ÖNEMLİ FARKLILIK / MODERATE VARIATION

Bir karoda bulunan renkler diğer karoda bulunan renkler hakkında bilgi vermekle birlikte renk yoğunluğunda önemli derecede farklılık gösterir. Karo üzerindeki önemsiz gibi görünen bir renk diğer bir karo üzerinde ağırlıklı renk olabilir. While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

v 4 RASTGELE FARKLILIK / SUBSTANTIAL VARIATION

Bir karo diğer bir karoya göre tamamen farklı renkte olabilir. Bu karolar tüketici tarafından bir kaç parça çıkartılacak şekilde seçilemezler. Renk farklılıklarından dolayı karolarda doğal bir görünüm vardır. Bu yüzden her bir döşeme özgün yapıda olur. Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.
