

GRES DE BREDÁ

Grupo Breda diseña y desarrolla sus productos manteniendo el máximo respeto a su entorno. Entendemos que innovación y sostenibilidad pueden funcionar conjuntamente. Mediante tecnologías industriales y artesanalmente limpias aportamos productos sostenibles para la nueva construcción.

The Breda group designs and develops its products in a way which cares for the environment. We believe that innovation and sustainability can go hand in hand. We use clean craft processes and industrial technology to supply sustainable products for new building.

GRES DE BREDA

Gres de Breda cerámica natural, presenta dos gamas perfectamente diferenciadas, “natural” y “lava”, productos combinables entre si que se integran perfectamente con otros materiales nobles; de la más alta belleza estética, propia de la variedad de tonos, de textura cálida, la belleza de lo natural e inalterable.

Gres de Breda natural ceramics presents two different ranges, “natural” and “lava”, which can be perfectly combined or integrated with other noble material; with great esthetical beauty, a wide range of shades, warm texture, the beauty of nature and durability.

A photograph of a modern interior space, likely a hallway or atrium. The ceiling is white with three large, circular skylights. The walls are a light blue-grey color. The floor is made of large, square, light brown tiles. A person is walking away from the camera towards a large glass door at the end of the hallway. The glass door reflects the interior and shows a glimpse of the outside world with buildings and trees. The overall atmosphere is clean, bright, and minimalist.

ESPACIOS

GRES DE BREDALAVA

A large, rectangular swimming pool with clear blue water is the central focus. In the foreground, a wide patio made of large, square, terracotta-colored tiles leads to the pool. A low, rectangular planter box filled with green bushes and vibrant pink flowers sits on the patio. To the right, a portion of a large, light-colored patio umbrella is visible. In the background, a calm body of water reflects the sky. A small boat is docked near a white pillar. Across the water, a large, multi-story house with a light-colored facade and a tiled roof is surrounded by numerous palm trees. The sky is a clear, pale blue.
